About Hatchett Creek Farms, LLC

Hatchett Creek Farms, LLC specializes in flowering liner material and grows over 300 varieties, mainly spring plants and splash perennial items. HCF combines extensive horticultural experience with today's technology to produce some of the finest vegetative cuttings of specialty tropical color and unusual new plants.

Hatchett Creek Farms, LLC delivered its first propagated material in January 1988. Through regular expansions and continued modernization, our business level has grown significantly in recent years. HCF is able to provide quality rooted cuttings to growers big and small, near and far.

Our Philosophy

HCF could not have expanded as it has without the continued loyalty and support of our customers and brokers and our faithful adherence to our beginning rules of business:

- Sales must go through the broker of your choice
- We will stand behind our product
- We will do all we can to ship only a strong, vigorous, well-rooted product
- The customer is still right

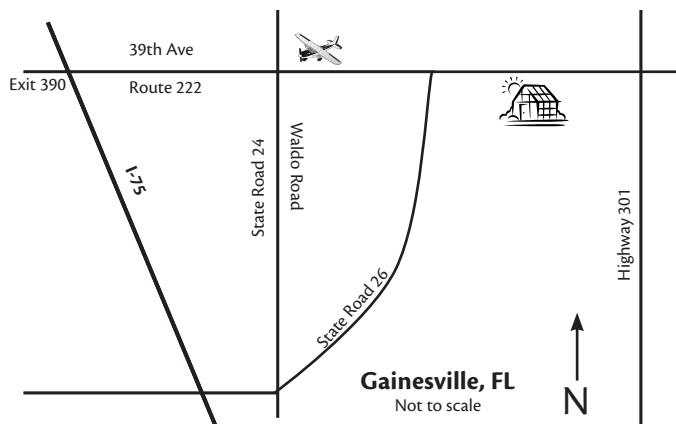

How to Find Us

Directions from I-95:

- *Take I-10 west to Hwy. 301 south.
- *Take 301 south 42 miles
- *Turn right onto State Road 26
- *Go 4 miles to Hatchett Creek Farms
- *Turn left into the driveway. The greenhouses are behind the trees and cannot be seen from the road

Directions from I-75:

- *Take I-75 to exit # 390 (Rt. 222– also called NW 39th Ave)
- *Go east on Rt. 222 about 13 miles
- *Continue past the blinking yellow caution light
- *Go 1.6 miles to Hatchett Creek Farms. There is a group of trees with a guard rail in front. Just past the guard rail is our lime rock drive.
- *Turn right into the driveway. The greenhouses are behind the trees and cannot be seen from the road.

Terms & Conditions

ORDERING PROCEDURE: Broker orders must be placed using a purchase order, to include the following:

- Unique purchase order number (broker PO number will follow your order through our system)
- Customer information (name, address, telephone #)
- Broker information (name, address, telephone #)
- Shipping method and date (Using Monday date)

Orders must be placed by fax or email. Please retain a copy of your purchase order for your records.

Within one business day of order receipt, HCF will send order acknowledgement via fax or email. This acknowledgement represents the order in the HCF system; broker must review acknowledgement for accuracy. If no acknowledgement is received, order is NOT in the HCF system.

PACKAGING CHARGES:

Liners: 4 trays/box

Box dimensions 24"x22"x12"
approximate weight 30 lbs

4" Prefinish: 2 trays/box

Box dimensions 24"x20"x10"
approximate weight 20 lbs

Winterizing: Additional fee as needed.

Pallet Packaging: 24-60 trays/pallet

TAGS: Hatchett Creek Farms, LLC (HCF) provides tags upon request. Tags are sold in bundles of 100; all orders will be rounded to the nearest bundle. **All orders for tags must be noted on the purchase order.** Tags ordered after plant shipment will be subject to shipping and handling charges.

PRICES, SIZES, & AVAILABILITY: All prices are FOB Gainesville, FL. Prices refer to ship date, not order date. All prices, sizes, color and availability are subject to change without notice. Freight will be charged on all backorders. Prices do not include shipping and handling charges. Program pricing available.

CUSTOM ORDERS: HCF is your source for quality rooted cuttings. If you need to customize your order for any reason please inquire. We are able to adapt to fit your needs.

CANCELLATIONS: Cancellations within 8 weeks of ship date will be accepted, on a case by case basis.

SUBSTITUTIONS: HCF reserves the right to substitute color and size within variety, unless specifically requested not to. **The request for no substitutions must be noted on the purchase order.**

INCLEMENT WEATHER: HCF maintains concern but not liability for shipments and cannot be held for damages due to inclement weather. Shipments may be delayed for weather concerns unless the broker or customer overrides this decision.

DOMESTIC AND INTERNATIONAL SHIPMENTS: HCF is certified to ship to all 50 states and internationally.

PHYTOSANITARY CERTIFICATES: will be issued as required at current applicable fee.

TERMS AND CONDITIONS: HCF warrants products to the extent of the purchase price only. We give no other or further warranty, expressed or implied, and will under no circumstances be liable for any reason, consequential or otherwise, for more than the invoice value. HCF is not responsible for losses incurred due to products not being available. We cannot give credit for losses of plants from causes over which we have no control, including viruses. HCF must be notified within 48 hours of receipt of any shortages or quality issues with plants. **THE BROKER, WITHIN TWO BUSINESS DAYS OF DELIVERY, MUST REPORT ALL CLAIMS TO HATCHETT CREEK FARMS, LLC.** Acceptance of merchandise terminates our liability. Final shipment may vary due to crop results.

CLAIMS: HCF does not guarantee against weather or shipping damage. The customer must be instructed to immediately check the package and make note of any damage. If concerns exist, customer must contact the broker and the broker must contact HCF. Freight claim will be initiated by appropriate party. Replacement product, if available, or credit on account of purchase price, will be issued for honored claims. Acceptance of merchandise terminates HCF liability. Complaints or claims must be made to us within 2 business days after receipt of product. Credit will not be given for claims made after this time period if no prior notification of a problem has been communicated. Digital image(s) of product(s) required for ALL claims. HCF reserves the right to have any claim product returned.

HCF WILL NOT ACCEPT CLAIMS ON BOUGAINVILLEA.

Shipping Solutions

Each customer is as unique as the plants they buy. Some customers need large, cross-country (or International) shipping options, some only need a few flats to travel a state away. HCF offers multiple solutions to meet every customer's need:

Air Cargo– A nice option for those packages traveling thousands of miles.

FedEx Express– Great if you need 1 or 2 boxes to your door, this is the plan. (We can even send FedEx internationally!)

FedEx Freight-Best choice if you have 20 trays or more, paying by the pound for palletized shipping is the way to go! Want to send an entire pallet across the country in 2-3 days? No problem!

Your Truck-There are no additional fees for customer pickups! (Boxing charges may apply.)

International Options- We can ship anywhere, any method! HCF ships internationally via FedEx with no added customs brokering fees.

Palletized Shipments

Our New Pallet shipping option has many advantages:

Better Handling: pallets are not sent down high speed conveyor belts.

Product Priority: cargo will not be bumped for passengers.

Better Quality: Plants are able to have air flow, which reduces risk of damage from being packed in boxes.

Less Cost: shipping in bulk reduces freight and cardboard costs.

Easier Delivery: Pallets leave our dock and arrive at yours.

Mix & Match: Our pallet boxes are designed to handle both liner trays and pre-finished material.

Standard Boxing

Our shipping box has an innovative design that holds the flats tighter than others. This keeps the plants from slipping and tumbling which decreases the chance of damage.

The dimensions of our box make it more likely to stay upright during shipping while simultaneously giving a smaller dimensional weight, thereby reducing costs.

Liner Box: 24"x22"x12", approx weight is 30lbs. Holds up to 4 liner trays. You may mix and match between 50-, 72-, & 105-cell flats.

Pre-finish box: 24"x20"x10", approx weight is 20lbs. Holds thirty 4" pots or 2 trays.

There is an additional charge per box for winterizing. Pallet packaging carries a per flat charge (Liner & Pre-finish) unless standard boxing is requested or required.

If you need more information on or have questions about your shipping options, please contact our office as our fast and friendly staff will be happy to help.
